

Enable Alerts/Notifications

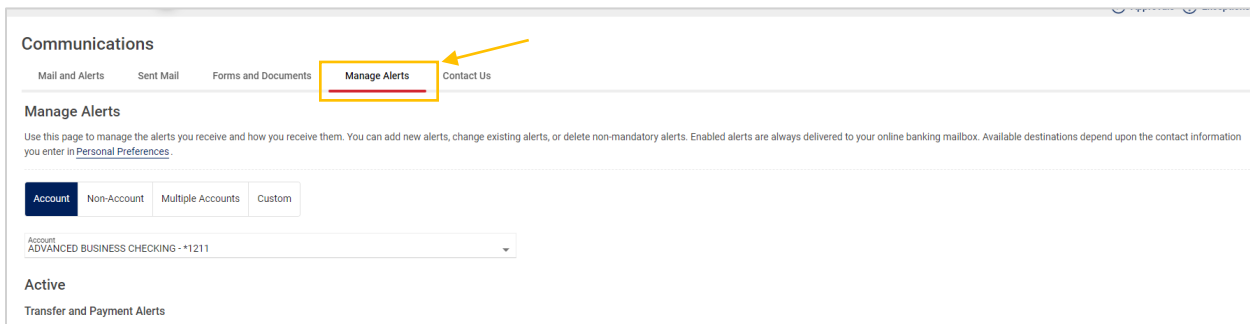

1. Navigate to the “**Administration**” section of the online banking platform.

2. Look for the option related to “**Communications**”. Click on that option to proceed.

3. Hover and click on “**Manage Alerts**”.

- You will see a list of available options that you can manage. These may include various types of alerts such as account balance alerts, transaction alerts, security alerts, and more.

Available	
Balance and Activity Alerts
