

Send money

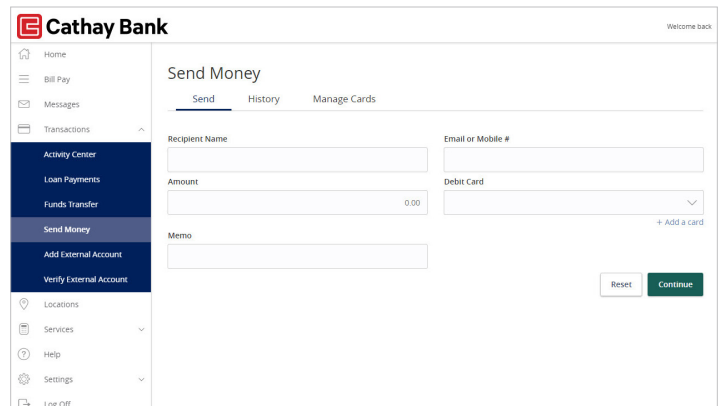

1. You can send money to other people using **Send Money**. You just need to know their email address or their mobile phone number.

2. First, add your own Cathay Bank debit card so you can send money.

3. Now you can send money to other people. You need to enter their name, email address or mobile phone, the amount to send and which debit card to use. Click Continue when you are finished.

4. You can see all the transactions you have made on the History tab.
